To whom it may concern:

EXAM MASTER Corporation, now in its twelfth year, is in the business of providing exam preparation and review software to medical students (USMLE exams), residents (USMLE and Board Certification), and physicians (Board Certification and SPEX). Our clients include medical schools, medical libraries, teaching hospitals, test-preparation consultants, and individuals around the world.

Dr. Paulo Mendes served as an EXAM MASTER author between August 2005 and May 2006. He was a very reliable author and a valuable asset to our company, providing us with high quality test items for our USMLE Step 2 test prep resource. He was very flexible, never missed a deadline, and was always cheerful, diligent, conscientious, self-motivated and affable.

Dr. Mendes was an absolute pleasure to work with and I highly recommend him for any suitable job requiring medical knowledge and expertise within the scope of his medical degree.

Sincerely,

Michael D. Tharp,  
Director of Product Development
